

Iowa Lakes Community College Pilot Safety Meeting, Human Factors, FSDO Inspector, more...

Preparation is the key to success in any endeavor! It's no different in aviation. History has taught us that the accident chain is linked to Human Factors and can often lead to undesirable outcomes...including accidents! At this briefing, we'll discuss how to recognize Human Factors! A Safety Inspector from the Des Moines FSDO will discuss aviation topics that can save your life. Please register on FAASafety.gov.

Directions: Iowa Lakes Community College (ILCC) campus is located in the eastern part of Estherville. Enter through the north or east doors. Meeting is in the main auditorium. Bring your friends! Parking is FREE.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
